30/2021	Sch. II	25-03-2021

In exercise of the powers conferred upon him by section 42 of the Forest Enactment, 1968, the Minister has made the following rules:

PART I
INTRODUCTORY

1. These rules may be cited as the Forest Rules, 1969 and shall be deemed to have come into operation on the 1st day of January, 1969.

2. In these Rules –

“breast-height” means one hundred and forty centimetres from the ground;

“converted timber” means wood which has been cut, sawn, hewn, split, shaped or fashioned from round timber or poles into pieces intended for any purpose other than as fuel;

“form” means a form in Schedule III;

“landings” means a temporary storage area for logs within any Forest Reserve area licensed or otherwise prior to their transportation by land or water;

“licensed area” means any area in a Forest Reserve or State land licensed under section 15 or section 24 of the Forest Enactment;

“pole” means any section cut from a tree and having a diameter at breast-height of less than thirty centimetres at its larger end, which has not been further prepared for use other than by removal of bark and projecting branches, and which is not intended to be further processed in any way;

“round timber” means any section cut from a tree which has not been prepared for use other than by the removal of bark and branches and either rough squaring or longitudinal division into not more than four pieces to facilitate transport or conversion;

“round timber for processing” means any round timber which the Chief Conservator is satisfied will be processed in any sawmill or veneer, plywood or other mill established in Sabah;

“sawmill” means any machine or collection of machines used for the mechanical processing of timber in any form, and includes any veneer, plywood or other mill, but excludes power operated chainsaws used for cross-cutting timber and wood working machinery used for processing sawn timber;

“Schedule” means a schedule to these Rules;

“shifting cultivation” means the successive occupation of different pieces of State land in such manner that any one piece is cultivated for not more than two years and is then abandoned;

“Vehicle” means any tractor, skidder, truck, log loader, excavator, grader, dump Lorry, locomotive or any other conveyance or machinery the Chief Conservator deems appropriate.

PART II THE TAKING OF FOREST PRODUCE

3. Licenses for the purposes of section 24 shall be in Form I, Form IIA or Form IIB as set out in Schedule III.

4. (1) Before the issue of a licence in Form I, the applicant shall deposit with the District Forest Officer such sum of money or guarantee from such bank as the Chief Conservator may approve as security for the fulfilment of the terms of the licence as the District Forest Officer may require not exceeding the estimated royalty if any, and fees for three months, and such officer may at any subsequent time during the currency of the licence require the deposit of such further sums as he may deem necessary. Failure to deposit such further sum will render the licence liable to cancellation.

(2) On default being made in the payment at the prescribed time of any money due as royalty or otherwise in respect of such licence, the District Forest Officer may withdraw from the sum or sums deposited as aforesaid and credit to forest revenue the sum so due, and may prohibit the cutting or removal of forest produce under the said licence until an equivalent sum together with such further sum as the District Forest Officer may require has been deposited. For the purposes of this rule all sums of money deposited in the name of a licensee shall be deemed to have been deposited in respect of each and all licences held by him.

(3) A licence may be cancelled at any time by the Chief Conservator for breach of or non-compliance with any of its conditions and in the event of such cancellation the licensee shall have no claim to the return of any money paid or deposited with the Government, nor to any damages on account of such cancellation, nor to any forest produce removed within the area covered by such licence, and the ownership of any forest produce so remaining shall vest in the Government free from all encumbrances.

5. (1) The District Forest Officer may require of any licensee that workers of any particular class or working in any particular area shall be provided with a certificate of identity as such signed by the licensee and countersigned by a forest officer in Form III and thereafter the licensee shall be held responsible for the acts of such workers.

(2) Every certificate of identity shall lapse on the expiration of six months from the date of such certificate and shall then, or whenever the worker leaves his employ, or the licence is terminated, be destroyed by the licensee.

(3) The person named in any certificate of identity issued under this rule shall keep the same upon his person while at work, and at other times have it in his possession or at his usual place of residence and shall produce such certificate of identity on demand made by any forest officer, Police Officer or Customs Officer.

(4) The head-man of every body of persons living or working together in any occupation having for its object the cutting or removal of forest produce under a licence agreement or licence entered into or issued under section 15 or 24 respectively shall cause a working board containing a full and complete list of all persons so employed or engaged to be exhibited in a conspicuous place in the main entrance to the house or workshed.

(5) Any person who fails to comply with the provision of this rule shall be guilty of an offence.

6. The Chief Conservator may for reasons of silviculture or for any other reason that the Minister may approve without prejudice to existing licences or licence agreements prohibit or restrict the cutting or removal of any forest produce by any particular person or class of persons within any specified area of State land and for such time as he may deem necessary.

7. Licences to cut or collect and remove any class of forest produce may not be issued over any area of State land over which a licence for the same class of produce is in force.
8. Forest produce for the purposes specified in section 41 may be taken free by any native for his own use, provided that, except with a free pass issued by the District Forest Officer, such produce may not be taken in a district outside that in which the native ordinarily resides, and shall be subject to the provisions of rule 11.
9. (1) Notwithstanding the provisions of section 23, natives whose ancestors have been, and who themselves are dependent on shifting cultivation in Sabah for subsistence, may without licence fell, burn or clear for the purpose of shifting cultivation forest of secondary growth on any State land which is not the subject of a licence under section 24. Secondary growth for the purposes of this rule is defined as forest containing trees of not more than six years standing and not exceeding fifteen centimetres diameter at one hundred and forty centimetres from the ground, being of a kind that may readily be felled by means of implements for cutting of no greater efficiency or weight than an ordinary parang.
- (2) The Chief Conservator may, with the consent of the Director of Lands and Surveys, declare any area in which it shall be a forest offence to practice shifting cultivation.
10. Any person to whom any right or privilege of taking forest produce from a forest reserve has been granted by order made under section 12 (4) or by notification under section 14 (1) may be required to obtain from the District Forest Officer a free permit authorising the removal of such produce from the forest reserve on such conditions, consistent with the terms of such order, as the District Forest Officer may consider it necessary either generally or specifically to impose.
11. Any person who, except in pursuance of any licence or licence agreement or with the authorisation of the Chief Conservator or of any forest officer empowered by him in his behalf, fells any tree specified in Schedule I having a diameter at breast-height less than the minimum prescribed in that Schedule shall be guilty of an offence.

PART III
LIABILITY FOR AND PAYMENT OF ROYALTY AND FEES

12. (1) All forest produce cut, sawn, converted, collected or removed under any licence or licence agreement shall be liable to royalty at the rates prescribed in Part A Schedule II.

(2) The Chief Conservator or any forest officer authorised by him in this behalf may wholly or partially exempt any forest produce from royalty or remit any royalty already paid on any forest produce –

- (a) where such forest produce has not been removed from the area to which the licence or licence agreement refers and has been declared by a forest officer not below the rank of Forest Ranger to be unsaleable or of inferior quality by reasons of its condition or situation;
- (b) where such forest produce has been or will be processed in any sawmill or veneer, plywood or other mill established in Sabah;

Provided that any remission granted shall not result in the payment of a lesser rate than that prescribed for the particular category of timber in Schedule II;

- (c) for any other reason, with the approval of the Minister of Finance.

(3) With the general or special approval of the Minister of Finance the Chief Conservator may impose any fee, premium, cess and other charges in addition to, or in lieu of, royalty for the right to take forest produce under a licence or a licence agreement.

13. (1) The measurement or weight of any forest produce as ascertained by a duly authorised forest officer in accordance with written instructions from the Chief Conservator shall be deemed to be correct and any royalty payable shall be paid on that measurement or weight, provided that the owner of any such forest produce may, within thirty days of the original measurement, appeal to the Chief Conservator for a remeasurement.

(1A) For the purposes of determining the rates or royalty payable on any forest produce under these Rules, the Chief Conservator may, in addition to the measurement or weight of such forest produce being ascertained under paragraph (1), cause such forest produce to be graded by a duly authorised person and the provisions of paragraph (1)

shall apply in relation to such grading as if there be substituted for the words “measurement or weight” the word “grade” or “grading”, as the case may be.

(2) Royalty accrued and other payments due under these Rules shall be payable at such time and place and in such manner as may be specified in a licence or if not time, place or manner of payment be so specified, then on demand made by the District Forest Officer or any forest officer superior to him.

14. The fees set out in Part B Schedule II shall be payable in respect of the matters therein set out.

Chief Conservator may adjust f.o.b. value.

14A. (1) Notwithstanding any provisions under these Rules or the provisions of any other written law for the time being in force to the contrary, the Chief Conservator may, with the approval of the Minister of Finance, adjust the declared f.o.b. value of any forest produce for the purposes of timber royalty rates calculation.

(2) For the purposes of this rule, “f.o.b. value” shall mean the price which the exporter would receive for the forest produce calculated at the time when the forest produce shall be on board the vessel by which the forest produce were exported.

Late fees for unpaid royalty bills.

14B. (1) Without prejudice to the provisions of rule 13 (2), it shall be lawful for the Chief Conservator to charge and collect late fees in relation to any royalty bills which are payable and fall due in such manner and at such rate as provided under this rule:

Provided that in respect of any royalty bills which are subject to dispensation period, such royalty bills shall not be deemed, for the purposes of this rule, to be payable and fall due during the dispensation period.

(2) Any royalty bills remaining unpaid on each quarter day in the year shall be subject to a late fee of ten per centum of the amount so unpaid.

(3) For the purpose of this rule –

(a) “dispensation period” means, in relation to any unregistered agreement, a period of sixty days commencing from the date of service of a notice that the document of agreement to be registered is ready for

signature, and in relation to any other case, a period of sixty days commencing from the date when the royalty bills shall for the firsttime fall due;

“royalty bills” means, notice of demand for payment of timber royalty, premia, extraction charges, fees, cess or other dues and includes any dues set out in any agreement entered into before or after signing of such agreement; and

“quarter day” means, the 31st day of March, 30th day of June, 30th day of September and 31st day of December, of any year; and

- (b) in the absence of any express provisions to the contrary, royalty bills payable under rule 13 (2) shall become due in accordance with the said rule, and any other royalty bills under this rule shall become payable and fall due on the day of the execution of any agreement relating thereto.

PART IV

CONTROL OF FOREST PRODUCE IN TRANSIT

15. (1) All timber and any other forest produce lawfully cut or collected, which is liable to royalty on measurement basis, if measured in any place other than the area from which it was removed shall, if required by the Chief Conservator, be accompanied by a transit pass in Form VII or a Disposal Permit in Forms IV, V, VI or X and taken to the nearest, or any other checking station, and shall not thereafter be removed thence nor moved past any other checking station or further despatched unless it be accompanied by written authority issued by any authorised officer or unless it bears, if it be timber, a Government hammer mark indicating that it has been assessed for royalty and other charges to which it may be liable. All timber and any other forest produce measured in the area from which it has been cut shall on its removal after measurement be accompanied by the Government mark heretofore mentioned.

(2) The Chief Conservator may, at his discretion, exempt any forest produce from all or any of the provisions of this rule.

(3) The District Forest Officer may exempt from all or any of the provisions of this rule any forest produce on which he is satisfied that royalty has previously been paid

while such forest produce is in transit between a seller and buyer in the ordinary course of trade.

(4) Any person who fails to comply with the provisions of this rule shall be guilty of an offence.

16. (1) The driver or person in charge of any vehicle, vessel or raft containing forest produce shall –

- (a) stop at any time or place if called upon to do so by any forest officer, Police Officer or Custom Officer;
- (b) render such assistance as may be necessary to enable the adequate examination and measurement of such produce by such officer.

(2) If there is any reason to believe that money is payable to Government in respect of any forest produce in transit it may be detained at a checking station or such other place as the detaining officer may direct until such money has been paid or until enquiry regarding its origin has been made.

(3) Except with the permission in writing of the District Forest Officer, no forest produce shall be moved within the hours of 7 p.m. and 7 a.m.

(2) Any person who fails to comply with the provisions of this rule shall be guilty of an offence.

17. (1) The Chief Conservator may require, before any timber or forest produce is exported, that it shall be inspected and graded in accordance with the written instructions of the Director and may charge the fees set out in Part B Schedule II.

(2) The Chief Conservator may prohibit the removal of any timber from a checking station, if in his opinion it has such defects that it is unfit for export.

17A. (1) Notwithstanding the terms and conditions of any licence or licence agreement, it shall be the obligation of every holder of a licence or licence agreement to ensure that no timber taken from the area under his licence or licence agreement shall be transported by sea out of the State except by vessels duly approved by the Minister or any person authorised by him in that behalf.

(2) The fees payable to the Government for an approval granted under subrule (1) shall be as set out in Part F of Schedule II.

18. Any holder of a licence or licence agreement who, in the course of his operations, does or causes to be done anything which in the opinion of the Chief Conservator constitutes a hazard to the public in or a blockage of any road, railway or river shall be guilty of an offence.

PART V GENERAL

19. (1) No person shall erect or operate on any land a sawmill or plant except under and in accordance with the conditions of a licence in Form VIII issued by the Chief Conservator in his discretion. The fee payable for such licence shall be as set out in Part C of Schedule II hereto.

(2) On breach of any condition to which the licence is expressed to be subject, the Chief Conservator may revoke the licence.

(3) Sawmills or plants owned and operated by the Government are exempted from the provisions of this Rule.

20. (1) The Chief Conservator may require property marks to be placed on timber by any licence or licence agreement holder or by persons having a *bona fide* fiduciary interest in the timber.

(2) Such property marks shall be of a design approved by the Chief Conservator and shall be registered for a period of not more than five years at one time in the office of the Chief Conservator and of every District Forest Officer within whose jurisdiction the marks are to be employed.

(3) The Chief Conservator may at any time cancel the registration of any such marks.

20A. No person shall occupy land within any Forest Reserve area, or extract or collect from such land any forest produce except under and in accordance with the conditions of a permit in Form IX issued by the Chief Conservator or any forest officer authorised by him in that behalf. The fees for such permit shall be as set out in Part D of Schedule II hereto.

20B. (1) No person or any holder of a licence or licence agreement shall use any tractor, truck or other vehicle in the extraction or removal of timber or for any purpose directly connected therewith in a Forest Reserve or State land unless such tractor, truck or other vehicle has been registered by the Chief Conservator or any forest officer authorised by him in that behalf.

(2) No tractor, truck or other vehicle shall be registered –

(a) which is not in the opinion of the Chief Conservator in all respects fit for the extraction or removal of timber or purposes directly connected therewith;

(b) except upon payment of the appropriate fee set out in Part E Schedule II:

Provided that no fee shall be payable upon the registration of any tractor, truck or other vehicle which is the property of the Government.

(3) Upon registration of any tractor, truck or other vehicle, the owner shall be issued a registration card substantially in the form as specified in Form XI by the Chief Conservator or any forest officer authorised by him in that behalf.

(4) The tractor, truck or any other vehicle registered under the provision of this Rule shall carry a number plate of such size and description to be exhibited in such manner as the Chief Conservator may require.

(5) Any transfer of ownership of any tractor, truck or other vehicle registered under the provision of this Rule shall be notified to the Chief Conservator by the transferor.

(6) The Chief Conservator may for reasons of soil conservation or for any other reasons that the Minister may approve regulate the manner in which any tractor, truck or other vehicle directly connected with the extraction or removal of timber in a Forest Reserve or State land is to be used and maintained.

(7) The Chief Conservator may for reasons of soil conservation or for any other reasons that the Minister may approve, specify or limit the number of tractors, trucks, or other vehicles to be used or operated in a licensed area of the Forest Reserve or State land and no such tractor, truck or other vehicle shall be removed from such licensed area or moved to another licensed area without the written consent of the Chief Conservator or any forest officer authorised by him in that behalf.

(8) Except with the permission in writing from the Chief Conservator, no new tractor, truck or other vehicle to be used in the extraction or removal of timber in a Forest Reserve or on State land shall be purchased by any person, or any holder of a licence or licence agreement.

(9) (1) Any person who contravenes any of the provisions of this Rule shall be guilty of an offence and shall be liable to imprisonment for twelve months and a fine of two thousand ringgit.

(2) No person shall be prosecuted under the provisions of this Rule without the written consent of the Attorney-General.

21. Breach of any provision of these Rules or of any condition to which a licence or licence agreement is expressed to be subject shall, subject to any special terms of such licence or licence agreement and in addition to any other penalty provided by law, render such licence liable to cancellation by order of the Chief Conservator and shall render liable to confiscation by order of the Chief Conservator forest produce taken under such licence at the time of, or subsequent to such breach.

SCHEDULE I
(Rule 11)
Commercial Species of Timber

Vernacular Name	Botanical Name	Minimum Felling Diameter in Centimetres	
		Natural Forest Management Area	ITP Clearing (Forest Reserves), State lands and Alienated lands
CLASS A			
Belian	<i>Eusideroxylon zwageri</i>	60	No diameter limit
CLASS B			
Merbau	<i>Intsia</i> spp.	60	No diameter limit
Merbau Lalat	<i>Sympetalandra borneensis</i>	60	No diameter limit
CLASS C			
Selangan Batu	<i>heavy Hopea</i> and <i>Shorea</i> spp. Medium heavy <i>Hopea</i> and <i>shorea</i> spp.	60	No diameter limit
CLASS D			
Agathis/Mengilan	<i>Agathis</i> spp.	60	No diameter limit
Kapur	<i>Dryobalanops</i> spp	60	No diameter limit
Keruing	<i>Dipterocarpus</i> spp.	60	No diameter limit
Red Seraya	<i>Shorea leprosula</i> , <i>Shorea smithiana</i>	60	No diameter limit

Vernacular Name	Botanical Name	Minimum Felling Diameter in Centimetres	
		Natural Forest Management Area	ITP Clearing (Forest Reserves), State lands and Alienated lands
White Seraya	<i>Parashorea malaanonan</i> , <i>Parashorea tomentella</i>	60	No diameter limit
Yellow Seraya	<i>Shorea accuminatissima</i> , <i>Shorea gibbosa</i> , <i>Shorea</i> <i>fauetiana</i>	60	No diameter limit
Melapi	<i>Shorea bracteolate</i> , <i>Shorea</i> <i>symingtonii</i> and other species of <i>Shorea</i> of the <i>anthoshorea</i> group having a whitish or orchre wood	60	No diameter limit
Oba Suluk	<i>Shorea pauciflora</i>	60	No diameter limit
Nyato	<i>Palaquium</i> spp. and <i>Payena</i> spp.	60	No diameter limit
Kembang/Mengkulang	<i>Heritiera simplicifolia</i>	60	No diameter limit
Kembang Semangkok	<i>Scaphium</i> spp.	60	No diameter limit
Pengiran/Mersawa	<i>Anisoptera</i> spp.	60	No diameter limit
CLASS E			
Others	Any other species not listed in Class A, B, C, D, F, G and H	60	No diameter limit
CLASS F			
Perupok	<i>Lophopetalum</i> spp.	60	No diameter limit

<i>Vernacular Name</i>	<i>Botanical Name</i>	<i>Minimum Felling Diameter in Centimetres</i>	
		<i>Natural Forest Management Area</i>	<i>ITP Clearing (Forest Reserves), State lands and Alienated lands</i>
CLASS G			
Macaranga	<i>Macaranga</i> spp.	No diameter limit	No diameter limit
CLASS H			
Any species of planted timber	Any species of planted timber	No diameter limit	No diameter limit

FORM VIII
FOREST RULES, 1969
(Rule 19 (1))

LICENCE TO ERECT AND/OR OPERATE SAWMILL OR PLANT

This Licence authorises of
to erect and/or operate a sawmill or plant at
to be known as the Sawmill
or Plant for the period or periods specified in Appendix A hereto, subject to the provisions of any
written law relating to machinery and to the following conditions:—

1. This Licence may not be transferred or assigned.
2. The sawmill or plant shall comprise the buildings and machinery detailed in Appendices B and C hereto, and no building or machinery shall be added to or removed from the sawmill or plant without the written permission of the Director.
3. Unhindered access to all parts of the sawmill or plant buildings and grounds shall be allowed to any forest officer at any time for the purpose of inspection.
4. Saving and conversion shall be maintained to such standards as may be considered reasonable by the Director, and the licensee shall comply with such instructions as may be issued by the Director regarding the proper adjustment of the machinery and the method of operation thereof.
5. Government does not guarantee the supply of timber for the sawmill or plant.
(Such special conditions may be added by the Director).

REGISTRATION BOOK
FOR A LOGGING VEHICLE

REGULATIONS

1. On first issue of this book, please sign your name in the space provided at the top of page 3.
2. **KEEP THIS BOOK IN A SAFE PLACE OTHER THAN IN THE VEHICLE.** If this book is lost you may face difficulties and delays in renewing the licence or selling the vehicle; and you must immediately report such loss to the Pejabat Perhutanan (stated at page 2) with whom the vehicle is currently registered.
3. Check the particulars at page 5 and if there is a mistake or they are incorrect by reason of any change in the vehicle or its usage, the Pejabat Perhutanan must be immediately informed and this book sent to them. The licence must be sent therewith if any alteration is required thereon.
4. This Book must accompany every application for renewal of the licence.
5. If you change your address, state your name and address in the space "Transfer" at page 3 (or at page 4 if page 3 has been filled up) and sign thereunder and send this book to the Pejabat Perhutanan.
6. If you sell the vehicle, surrender this book to the purchaser. You must also notify the Pejabat Perhutanan of such sale, stating the index mark and registration number of the vehicle and the name and address of the purchaser.
7. A purchaser of this vehicle shall state his name and address in the first vacant "Transfer" space at page 3 (or at page 4 if page 3 has been filled up) and sign thereunder, and send this book to the Pejabat Perhutanan.
8. If you have difficulties regarding any matter pertaining to the registration or licensing of your vehicle, please write to the Pejabat Perhutanan (stated in page 2) for his clarification.
